Next Steps and Adjustment of Meeting Frequency

- LG team is targeting to submit an initial skeleton for the service framework code based on the standard client at the 1st week of December.
- Since most of interface definition work is done, the technical meeting doesn't need to be held on weekly basis.
- Project maintainer suggest HAE holds **Bi-Weekly** technical meetings with the same sequence of T1/T2/T3.
- The next week meeting will be held on December 3rd (T1 : UTC 14:00).
- LG team will prepare and propose how to collaborate on code implementation at the next meeting.

Thank you
