

Core Security Technical Meeting Minutes

9-09-14

Attendees

- Discretix
 - Leo Dorrendorf
- Microsoft
 - Jeremy Dallman
- QCE:
 - Phil Nguyen
 - Chris Kavas
 - Ken Swinson
- Sharp
 - Takeshi Matsushita
- Technicolor
 - Ben VanHaegendoren

Notes:

- Gateway Agent's interaction with proposed security changes discussed
 - Gateway WG asked about the concerns being addressed regarding About changes
 - Microsoft stated they are open to design input and their concern is not at the router level
 - Microsoft will verify with their engineering team and will respond on email
- Moving to biweekly starting today
 - Next meeting will be on September 30
- QCE will send out combined milestones to Core WG for discussion at next meeting
- Testing:
 - Both Microsoft and QCE are fully staffed with 14.12 and cannot provide resources until January
 - Technicolor states that they are going to test the Security Manager
 - This implies that the underlying core will be tested to some degree
