

**ALLSEEN
ALLIANCE**

Core Working Group

November 07, 2014

Antitrust Compliance Notice

- AllSeen Alliance meetings involve participation by industry competitors, and it is the intention of AllSeen Alliance to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of and not participate in any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.
- Examples of types of actions that are prohibited at AllSeen Alliance meetings and in connection with AllSeen Alliance activities are described in the AllSeen Alliance Antitrust Policy. If you have questions about these matters, please contact your company counsel, or if you are a member of AllSeen Alliance, feel free to contact Lee Gesmer or Andrew Updegrove, of the firm of Gesmer Updegrove LLP, which provides legal counsel to AllSeen Alliance.

Reminder:
**This call is being
recorded**

Agenda

1. ASACORE-47

- Overview
- Options

2. 14.12 Release

- Documentation

3. Continue discussion regarding Core processes

- New feature requests
- Test

4. Agreements & Action Items

ASACORE-47

ASACORE-47 - Overview

- All development is complete
 - Obj C binding will move out to future release
- Testing remains
 - QCE recommends approximately 60 test cases
 - Unit tests and test applications required to execute test cases requires development
 - 57 unit tests
 - 3 tests require applications
 - Test application written in C++
 - » Backwards compatibility (Test application exists)
 - » Stress test
 - » Memory profiling

ASACORE-47 Options

- Test everything
- Only test C++ and mark Java as experimental
- Only test using DDAPI
 - Possibly mark Java as experimental
- Include this feature in 15.04
 - Merge to master after the 14.12 release branch is made
- Decisions
 - QCE (Chris/David) will send current test plan with Technicolor (Ben)
 - Ben will discuss with the Technicolor team

14.12 release

14.12 Release

- Dashboard in JIRA
 - <https://jira.allseenalliance.org/secure/Dashboard.jspa?selectPageId=10601>
- Documentation
 - Microsoft
 - Gavin to review contribution to 14.12 and identify affected documents
 - Technicolor
 - Ben sent list of affected documents

**Continue discussion
regarding Core
processes**

Core Process Discussion

- Existing feature field is used to make new feature requests
 - Add “Approved” state to identify when Core WG approves the feature
- Add missing items to JIRA tickets
 - Documentation
 - Test
- Consider for JIRA
 - JIRA training for Core WG & post process document/wiki
- Feature branches
 - All features/large code changes require a feature branch
 - When doing a new feature, one should assume is that you need a feature branch
 - If you do not think you need a feature branch, bring it to the Core WG for agreement
 - Each branch will have an associated JIRA ticket that is used to track the overall status of the branch
 - Tasks/Bugs are linked to this ticket

Core Process Discussion

- Experimental definition
 - This (class, function etc) is experimental, and as such has not been fully tested. Please help make it more robust by contributing fixes if you find issues
- Policy on compatibility for API
 - Define the deprecation policy
 - Change in API requires WG and TSC approval
 - Proposal – support for 2 releases, removed after 4 releases
 - API deprecated in 15.04
 - Tested in 15.04 and 15.10
 - Not tested after 15.10
 - Removed in 17.04

Core Process Discussion

- Test – revisit after summit
 - Testing includes
 - Feature, C&C, Regression
 - Discussion
 - Feature on all platforms
 - Test plan review
 - Unit tests
 - Manual
 - Automated
 - Minimum test requirements?
 - Contributions to regression?

Agreements & Action Items

Agreements & Action Items

- QCE
 - Chris/Marcello craft a straw man for the Core WG process and post to the Core WG mail list
 - Ram @ Microsoft will assist
 - Outline created, straw man effort underway
 - Goal is to present draft straw man to team at next call

New Action Items

- QCE to send ASACORE-47 test plan to Technicolor
- QCE to resolve merge conflicts and run automated tests on ASACORE-47 in preparation for merge
- Ben (Technicolor) will do some investigation regarding testing ASACORE-47
- Technicolor and QCE will discuss ASACORE-47 further at summit next week
- Ram (Microsoft) to ask Gavin about affected documents for Core 14.12 release
- Chris (QCE) to communicate when the new document repository will be ready

Thank You
