

**ALLSEEN
ALLIANCE**

Technical Steering Meeting

March 10, 2014

Antitrust Compliance Notice

- AllSeen Alliance meetings involve participation by industry competitors, and it is the intention of AllSeen Alliance to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of and not participate in any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.
- Examples of types of actions that are prohibited at AllSeen Alliance meetings and in connection with AllSeen Alliance activities are described in the AllSeen Alliance Antitrust Policy. If you have questions about these matters, please contact your company counsel, or if you are a member of AllSeen Alliance, feel free to contact Lee Gesmer or Andrew Updegrove, of the firm of Gesmer Updegrove LLP, which provides legal counsel to AllSeen Alliance.

Reminder:

This call is being recorded

Agenda

- 14.06 base services planning
- Strategy for patch releases
- Suggestions for May Hackfest
- Call for other agenda items

Base Services for 14.06

14.06 Deliverables

Base services Plan

- iOS Onboarding Service Client
- Android Onboarding SDK
- OpenWRT Onboarding Service Refactoring
- Transition of FileTransfer Module into Base Services (under consideration)

Patch Releases

Patch Release Process

- A working group must petition the TSC to create a patch release (for example, 14.02.1 or 14.02.2)
- Patch releases are for critical bugs or security issues. No new features are introduced in patch releases.
- A petition is sent to the TSC mailing list to request a patch release. The TSC will discuss the petition at the next scheduled meeting.

Patch Release Petition

- Jira ticket number for bug being fixed
 - From <https://jira.allseenalliance.org>
- Gerrit code review link
 - From <https://git.allseenalliance.org/>
- Risk analysis for the proposed fix and for leaving the code as-is
- Expected dependencies between working groups
- Expected QA impact
 - Some bugs may only affect a specific function on one platform, other bugs may require extensive re-testing across many projects and platforms

May 1st Hackfest

Suggestions for Hackefest

- Format?
 - Training versus hands-on coding
 - Android/iOS versus embedded
- Ideas for applications
 - Sensor apps
 - Control
- Competition
 - Should we have a coding competition?

Thank You.
