1. Everyone - Consider needs for compliance certification

Meeting Notes

- Muzzley is interested in contributing to AllSeen
- Package Manager
 - Crypto was implemented for signing of AllJoyn packages
 - Another meeting is needed to discuss Package Manager
- XMPP connector app demo was written that implements the chat interface
 - Next step is to have it connect to any number of interfaces
- Affinegy intends to host an XMPP server for development of apps and devices that use the XMPP connector
- Gateway Agent Wiki has moved :
 - <https://wiki.allseenalliance.org/gateway/gatewayagent>
 - https://wiki.allseenalliance.org/gatewayagent/gateway_wtm
- Amendment 1 to HLD is now posted:
https://wiki.allseenalliance.org/_media/gateway/gateway_agent_hld_amendment_1_service_provider_mode.pdf

- The security changes that were going to affect the Gateway Agent by encrypting the header will not be implemented until the 15.4 release.
- Certification
 - The working group should begin considering our role in compliance certification.
 - Does the connector app need to be certified?
 - Currently AllSeen certification applies to devices only.
 - How does a device get certified if it only uses the Gateway Agent?
