Attendees

Name	Company
Josh Spain (meeting facilitator)	Affinegy
Jim Howard	Affinegy
Takeshi Matsushita	Sharp
Brian Clubb	Microsoft

Action Items

1. **Jim Howard** – begin definition of gateway manager to package manager interface
2. **Jim Howard** – update package manager document based on feedback
3. **Art Lancaster** – provide information on Wiki about the Update Manager project

Meeting Notes

- Feedback on package manager received.
  - More explanation needed about differences between installation and upgrade
  - There is a clear need to continue to discuss the security aspects of installing packages
- Package Manager will likely be provided as a common tool.
  - Goal is to have a command line tool implementation in two or three weeks.
- Package Manger Interface
  - Interface to Package Manager will be provided as a class
  - Jim will begin working on the definition of this interface
- Update Manager
  - Not much information available on the Wiki about this project yet
