Meeting Notes

1. Approve Minutes from Previous Meeting

   A. All members approved the minutes from previous meeting.

2. Resolve IRB Comments

   A. Move some of properties in Common interface to About/Config metadata.

      i. Inhwan Choi explained Core WG's response on extending AboutData to include properties in Common interface.

      ii. Stefano Toppan asked where we can specify the additional fields to the AboutData.

      iii. Inhwan Choi answered that we can define that information in the HAE specifications.

      iv. Stefano Toppan asked the meaning of 'Localized'.

      v. Inhwan Choi answered that there is no explicit definition of 'Localized' but it means that the information can be reported as a local language depending on selected 'DefaultLanguage'.

      vi. Stefano Toppan and Inhwan Choi agreed to add the 'Location' to both of the About Metadata and the Config.

      vii. All members agreed to add HAE's own custom fields to AboutData as below.

Field Name	Mandatory	Announced	Localized
CountryOfProduction (About)	No	No	Yes
CorporateBrand (About)	No	No	Yes
ProductBrand (About)	No	No	Yes
Location (About, Config)	Yes	Yes	Yes

   B. Enhance Display. Otherwise, discard it.

      i. Inhwan Choi proposed to discard this Display interface as IRB comments.

      ii. Stefano Toppan agreed with Inhwan Choi.

      iii. All members agreed.

   C. Update EnergyUsage and ResourceSaving

      i. Inhwan Choi introduced IRB comments about those interfaces.

      ii. Inhwan Choi asked a volunteer to update the EnergyUsage and ResourceSaving interfaces instead of Panasonic team.

      iii. Mike Finch volunteered.

   D. Review proposed changes to Operation.Control

      i. Inhwan Choi introduced the split OnOff and CycleControl interfaces.

      ii. Stefano Toppan commented that the remote controller cannot know about whether remote On is supported or not.

      iii. Stefano Toppan and Inhwan Choi agreed that it is better to add the information about remote On supported.

        iv.   Stefano Toppan will update the diagrams of CycleControl interface.

   E.   Conclude FilterStatus

       i.   Inhwan Choi introduced IRB comments and encouraged members to review the FilterStatus.

       ii.   Mike Finch will update the patch set clearing IRB comments.

   F.   Conclude Alert

       i.   Inhwan Choi introduced IRB comments and their suggested approach, and encouraged members to have time to review IRB's new suggestion.

   G.   Revisit human readable description part issue of qualitative level representation. (GetXXXInfo)

       i.   Members agreed to remove the human readable description part from the qualitative level representation interfaces.
