Meeting Notes

1. Approve Meeting Minutes from Previous Meeting

    A. All members approved the minutes from previous meeting.

2. Review Process for Inclusion as Base Implementation

    Inhwan Choi introduced the review process for inclusion as base implementation.

3. Update Project Milestones

    Inhwan Choi proposed the revised project milestones.

    A. Inhwan Choi commented LGE's code implementation could be done until March 4th.

    B. Inhwan Choi asked the status of Electrolux's code implementation.

    C. Stefano Toppan answered Electrolux team had almost done their code implementation for SCL and that will be ready until first week of March.

    D. Inhwan Choi asked the code implementation status for TCL.

    E. Stefano Toppan answered he will provide the updated status at the next weekly call.

    F. Inhwan Choi asked members' voluntary contributions for the test cases development, especially from non-code contributing members.

    G. Inhwan Choi commented the code contributing companies need to consider how to assign the works between reference controller app and device emulator development.

4. Other Businesses

    A. Merge Smart Spaces WG with Common Frameworks WG.

       i. Patrick Gonia asked the possibility of Common WG members' help for test cases development.

       ii. Inhwan Choi answered he think they have to clean up v16.04 in the short timeframe but they might be helpful for us in the long term.

    B. Update Code Contribution Tables

       i. Inhwan Choi commented he updated the code contribution table in ASAHAE-22 and LGE will provide additional contribution for CurrentPower and EnergyUsage interfaces and include "Other" device type for the initial release

Action Items

1. Consider voluntary contributions for the test cases development. (All members)

Next Meeting Agenda

1. Approve minutes from previous meeting.
2. Volunteer for test cases development.
